THE STORY CRAFT TELLS

We believe distinctive stories are what make life exceptional. At House of Rohl,[®] we pursue the discovery of time-honoured craft that opens the door to stories unlike any other.

Through our collection of brands, you will find countless stories in every detail. Stories of place and provenance. Stories of dedication and passion. Stories of artistry and heritage.

Welcome to the House of Rohl[®]

RIOBEL: LUXURY DESIGN
FOR MODERN LIVING

Riobel®

Originating in Quebec, Riobel combines European panache with North American flair for a confident and creative style.

Taking inspiration from contemporary architecture, Riobel's award-winning brassware features the latest technologies and patented systems to deliver enhanced performance.

PARABOLA COLLECTION

A parabola, a two-dimensional mirror-symmetrical curve found in both nature and architecture, is the inspiration for this exceptional brassware collection. A winner at the Grands Prix du Design, the Parabola's sculptural form and nuanced details look elegant in Chrome, sophisticated in Black.

AVAILABLE FINISHES

CHROME (C) OR BLACK (BK).

GS COLLECTION

The GS is an example of Riobel's mastery of geometric forms.

The tubular shape of the GS has perfect proportions, exhibited in every component from the basin mixer to the shower valve.

This elegant simplicity makes the GS suitable for a wide range of design styles, from the most minimalist contemporary spaces to transitional and traditional bathrooms.

OUR FINISHES

With a range of luxury finishes available across our brassware collections and bathroom accessories, there is sure to be one that will coordinate beautifully with your dream kitchen or bathroom design.

For guidance on how to clean and care for our products, please visit us online at riobel.design

C | POLISHED CHROME

This highly mirror-polished Chrome flatters any tap design.

BK | BLACK

A smooth deep finish, Black adds a contemporary edge.

SS | STAINLESS STEEL

A subtle alternative to Chrome, PVD* Stainless Steel offers refined style.

BG | BRUSHED GOLD

Luxurious and bold, PVD* Brushed Gold adds warmth and character.

* Physical Vapour Deposition (PVD) coatings are an environmentally-friendly plating alternative applied at an atomic level. They are highly resistant to tarnishing and corrosion, enabling them to be used for a wide range of finishes with colours that do not fade.

RIOBEL'S R23 VALVE SYSTEM

R23 VALVE SYSTEM WITH INSTALLATION BOX

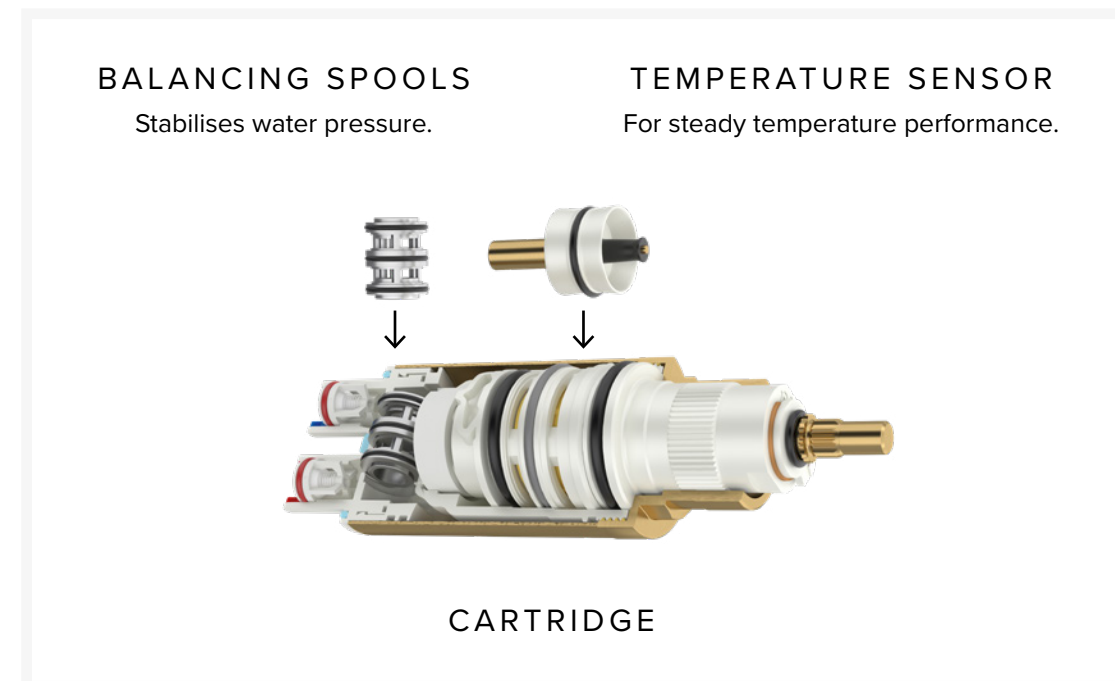

Precision engineered in Canada, Riobel own the patent to the revolutionary R23 thermostatic / pressure balance valve, which is used on all of our 1244 and 323 shower kits.

This innovative design offers the best of both worlds: stabilising water pressure for steady temperature performance even in the event of a 50% drop in pressure. Temperature control, flow control and divert options are all controlled from the same beautifully designed trim, making it effortless to use and guaranteeing a luxurious shower experience every time.

The R23 valve is enclosed in an Installation Box to provide extra protection against water leakage. The addition of a rubber membrane creates an additional seal between the wall and the valve. The R23 with Installation Box can be pre-installed, providing flexibility to select and fit the shower kit later.

SCAN THE QR CODE TO WATCH THE VIDEO

R23 WITH INSTALLATION BOX FEATURES

“Set and forget” temperature memory.

No separate shut-off or diverter valve is required.

Simple access to shut off valves and cartridge replacement.

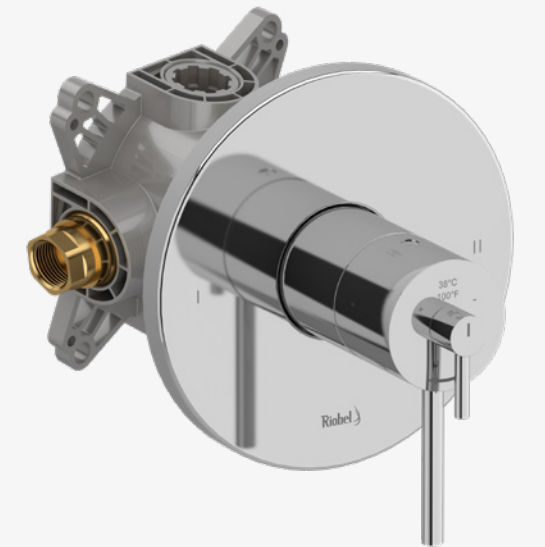

Test cap, enabling the installer to test valve connections.

Rubber membrane (grout seal) creates additional seal between the wall and the valve.

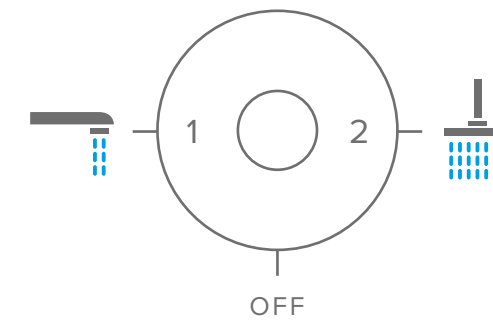

Installation Box (and valve) can be pre-fitted allowing for later shower kit installation.

Multiple fixing points for easy installation in solid or stud walls.

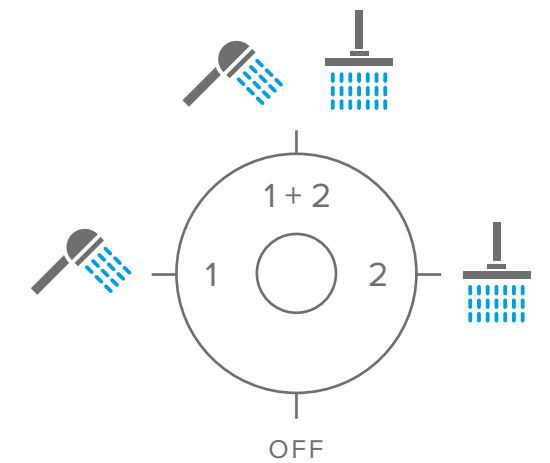

Suitable for all Riobel shower kits.

NO-SHARE OPTION USED FOR 1244 KITS

SHARED OPTION USED FOR 323 KITS

360° TECHNOLOGY & QUICK CONNECT SYSTEM

360° TECHNOLOGY

DESIGNED FOR CONVENIENCE TO SUIT MODERN LIVING

Available on all wall mounted basin mixers, this innovative design allows for the handle to be installed either side of the spout.

360° INSTALLATION

Allows for handle on either side.

QUICK CONNECT SYSTEM

EFFORTLESS INSTALLATION

All three hole deck mounted basin mixers are designed with Riobel's Quick Connect system, allowing the spout and spindle to be effortlessly installed with push-fit connections.

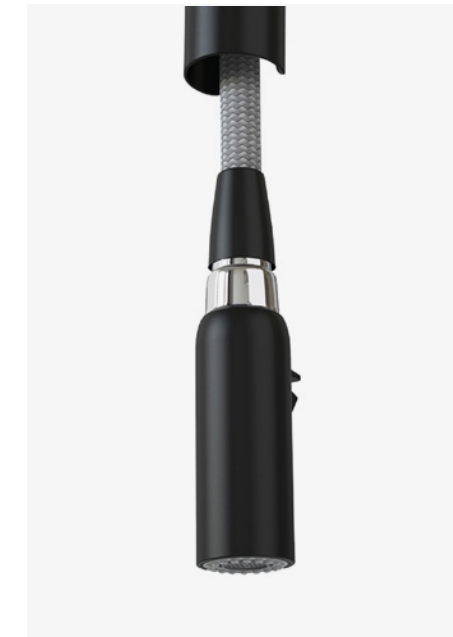

BOOMERANG PULL-DOWN SPRAY

RETRACTABLE HAND SPRAY

The Boomerang pull-down technology seamlessly integrates the sprayer into the spout while returning it quickly and easily to the sprayer's original position.

QUIETER OPERATION

The silent braided nylon hose reduces friction between pull-down hose and tap spout for a quieter operation.

TWO-JET HAND SPRAY

Dual-spray functionality with the ability to toggle between stream and spray settings.

INTEGRATED SWIVEL

An integrated swivel is attached to the pull-down hose with a pivotal ball joint that makes it easy to direct water to all corners of your sink.

**WELCOME TO
THE HOUSE OF ROHL**

WELCOME TO THE HOUSE OF ROHL

The House of Rohl is a collection of artisan brands recognised for their artistry and heritage.

SHAWS FIRECLAY SINKS

The genius of founder Arthur Shaw was to identify the waste material extracted from the colliery at Darwen, as fireclay. In 1897 he established Shaws of Darwen to make use of it. Today, at the same factory in Northern England, Shaws' own Heavy Duty Fireclay is fired hotter and longer to produce kitchen and bathroom sinks with an incredibly durable finish.

PERRIN & ROWE BRASSWARE AND SANITARYWARE

At Perrin & Rowe's English foundry, molten brass is poured by hand at 1,000°C into intricate moulds. The finest grade brass is used to ensure a perfect cast. Each piece is precision machined before being polished by hand. This fusion of cutting-edge technology and traditional craftsmanship is the source of Perrin & Rowe's unrivalled reputation for quality.

VICTORIA + ALBERT BATHS AND BASINS

To make beautiful baths and basins of the highest quality, Victoria + Albert developed their own unique material. Made from natural Volcanic Limestone™, QUARRYCAST™ is light, warm to the touch and incredibly strong. This gives Victoria + Albert's designers the freedom to create award-winning designs that can last a lifetime.
